

Co Host :

The Energy and Resources Institute

26-28 September 2017 and Bombay Exhibition Center, Mumbai, India
India's leading environmental trade fair for water, sewage, refuse and recycling

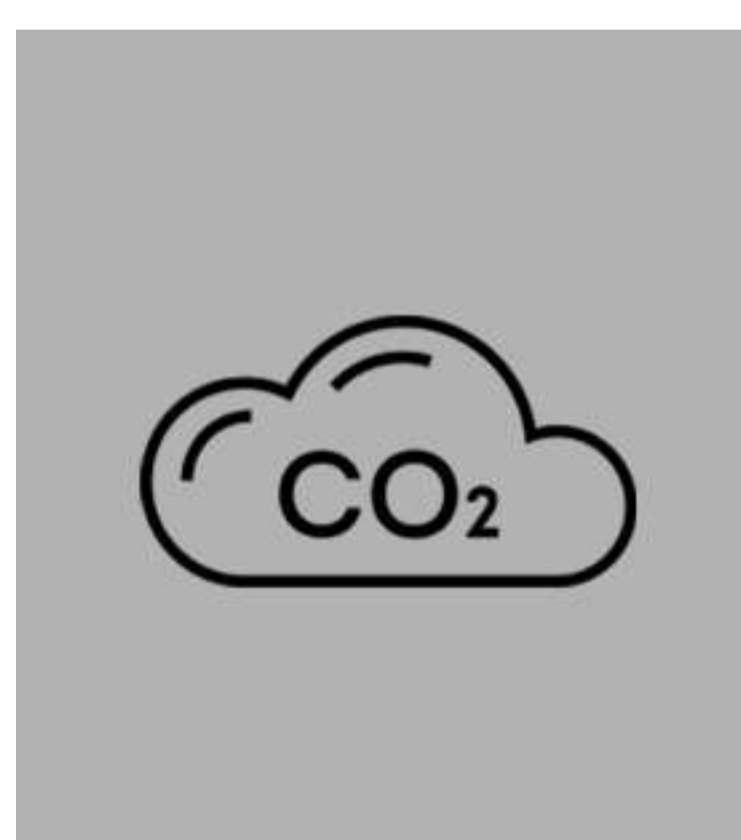

Environmental Technologies Conference by TERI- Powered by IFAT India

September 26 – 27, 2017 | Bombay Exhibition Centre, Mumbai

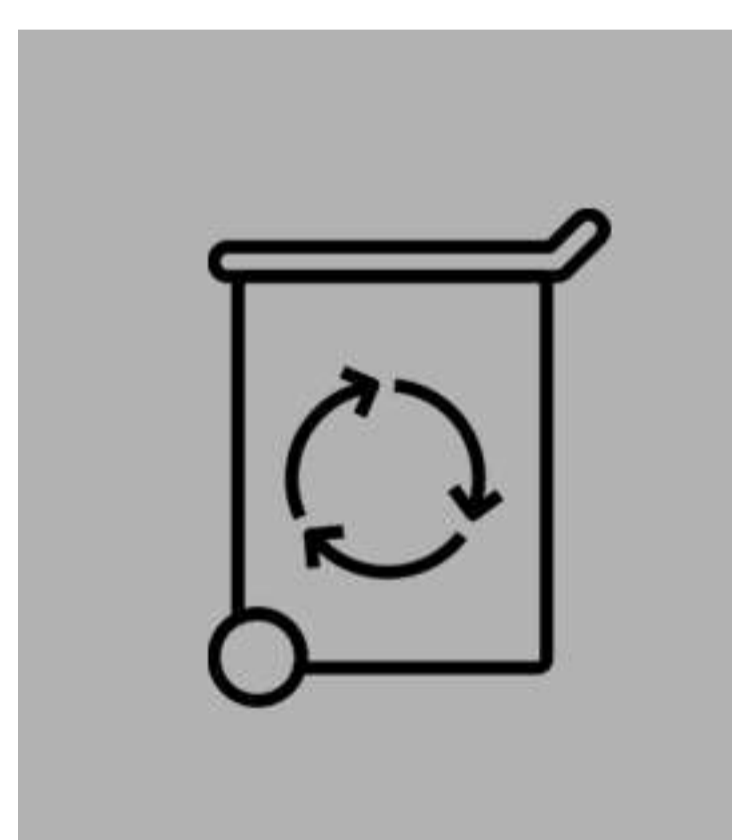

The Energy and Resources Institute (TERI) in collaboration with IFAT India (India's leading environmental trade fair for water, sewage, refuse and recycling) is organizing one and a half day-long seminar themed, 'Environmental Technologies Conference'.

The Conference will engage senior government officials, members of civil society, academia and other stakeholders deliberating on the need for cleaner and resource-efficient environmental technologies that are effective and economically viable.

Key Topics for the conference:

AIR POLLUTION

**SOLID WASTE MANAGEMENT-
INITIATIVES IN MAHARASHTRA**

**URBAN WATER MANAGEMENT-
LEVERAGING TECHNOLOGICAL
INNOVATION FOR EFFICIENT
URBAN WATER SERVICE DELIVERY.**
