Dr Dhanashree Date
Head - Information Research Services, Corporate IRC,
Tata Consultancy Services

Dr Dhanashree Date is General Manager & Head - Information Research Services, Corporate IRC, TCS. She has over 30 years of experience in corporate librarianship. She has headed crucial portfolios including library automation, electronic resource management, competency mapping and trainings. She is instrumental in conceptualizing niche information products, and spearheads IRC's collaborative research engagements. Under her guidance, TCS IRC bagged the LibTech Award 2018 for the Best Technology Enabled Library, at the Library Technology Conclave. Her interview is featured in SLA's Information Outlook, 2017. She is on the editorial board of "International Journal of Information Dissemination and Technology" and has several national / international publications to her credit. An invited speaker, panelist and visiting faculty at professional forums and Universities, her interests include Web-Content management and web technologies for libraries.
