The Energy and Resources Institute,
New Delhi

Sub: Best wishes for GREEN Olympiad 2021

Dear Dr Vibha,

Greetings from NSDC!

We aim to promote skill development by catalyzing creation of large, quality and for-profit vocational institutions. Improving access to high-quality vocational training has remained at the core of the initiatives by various stakeholders in this ecosystem. The increasing importance of integrating vocational training from early stages of education is clearly manifested in the New Education Policy (NEP) 2020.

In this context, it is encouraging to learn that GREEN Olympiad 2021, being organized by The Energy and Resources Institute (TERI), focuses on environment awareness and skill development. I believe that nurturing young minds, through challenges which enable them to appreciate critical issues, can go a long way in ensuring a strong foundation for a better tomorrow.

I extend my complements to TERI and sincerely wish all the students the very best for GREEN Olympiad 2021!

Best Regards,

Manish Kumar
Managing Director & Chief Executive Officer
National Skill Development Corporation
