

# GREEN OLYMPIAD

## Background

GREEN Olympiad, launched in 1999, is India's premier environment-based examination. It is an annual academic feature that enhances knowledge and skills amongst students about environment and sustainability issues related to air, biodiversity, climate change, culture, energy, green skills, waste, water etc. This Olympiad follows the tenets of Lifestyle of Environment (Mission LiFE), Sustainable Development Goals (SDGs), National Education Policy (NEP) 2020 and National Curriculum Framework for School Education (NCF-SE) 2023.

GREEN Olympiad is endorsed by Ministry of Education (MoE) and Ministry of Environment, Forest and Climate Change (MoEFCC), (Government of India) and is promoted by Central Board of Secondary Education (CBSE), Kendriya Vidyalaya Sangathan (KVS), Navodaya Vidyalaya Samiti (NVS), National Institute of Open Schooling (NIOS) and several State Education Boards.

## Salient Features of GREEN Olympiad

- The core activity of GREEN Olympiad is a written examination to test students' knowledge and awareness levels about environment and sustainable development. Examination is conducted within the confines of the school.
- GREEN Olympiad is conducted in several vernacular languages including Assamese, Kannada, Marathi, Tamil along with Hindi and English.
- GREEN Olympiad is held for students of Std. 4–12 across 4 Levels (Level 1- Std 4 - 5; Level 2- Std 6 - 8; Level 3- Std 9 - 10; Level 4-Std 11 - 12). The Olympiad includes multiple-choice questions (MCQs) with no negative marking.
- GREEN Olympiad maintains a pace with national priorities, as is evident by creating awareness about Mission LiFE through the examination content.
- The schools registered for GREEN Olympiad can also participate in "TERI's Sustainability Excellence Award"
