Sub: Invitation for School Registration in GREEN Olympiad 2023

Dear Ma'am,

The Energy and Resources Institute (TERI) is an independent, globally recognized, multi-disciplinary organization with core interests and capabilities in research, implementation, policy, and consultancy. We are steadfast innovators and agents of change in the diverse areas of energy, environment, climate change, natural resources, and sustainable development, having pioneered action in these areas for over four decades.

TERI extends an invitation to State Nodal Agencies working with eco-clubs across the country to promote GREEN Olympiad 2023. The examination serves a dual purpose of testing the environment quotient of students and enhancing their understanding about issues related to sustainable development. It is open for students of Std. 4 to 12, and is divided into 4 difficulty levels (Level 1: Std. 4-5; Level 2: Std. 6-8; Level3: Std. 9-10; and Level 4: Std. 11-12). The questions revolve around thematic issues related to Environment, Sustainable Development, Green skills, and Mission LIFE.

In 2023, GREEN Olympiad will be held OFFLINE on September 1, 2023 and October 12, 2023. Schools have an option to choose any one date for conducting the examination.

I request you to kindly circulate this information with eco-clubs and encourage students to participate in this initiative. Project poster and registration form are attached with this letter. Schools can register online at www.teriin.org/olympiad. Kindly note that examination will be held OFFLINE, even if an online registration is done. The last date for submitting your registration along with supporting details is 15 July 2023.

For further details, kindly visit the project website: <https://www.teriin.org/olympiad> or call us at 011-24682100. We look forward to your support and guidance in reaching out to a larger number of schools through the eco-club network.

Thank you.

With sincere regards,

Livleen K Kahlon
