| 10:15 AM– 10.30 AM | **Welcome address**  
Dr. R.K. Pachauri, TERI |
| 10:30 AM- 11:00 AM | Tea break                                                              |
| 11.00 AM – 1: 30 PM | **Improving vehicular fuel efficiency in India**  
Chair: Dr. Ajay Mathur, BEE  
- Vehicular fuel efficiency concerns in India  
  - Sumit Sharma, TERI  
- Technological options to improve fuel efficiency in HDVs  
  - Dr. Anup Bandivadekar, ICCT  
- Fuel efficiency in HDV sector in India  
  - Mr. N. H. Walke, ARAI  
- Fuel Catalyst – a solution to improve fuel efficiency  
  - Mr. Avnish Arora, HBL Power Systems Limited  
- Fuel efficiency improvement by enhancing power-train of in-use vehicles  
  - Mr. Chinmay Pandit, KPIT Technologies Ltd |
| 1:30 PM- 2:30 PM  | Lunch                                                                  |
| 2:30 PM- 4:30 PM  | **Advancements in fuel quality and vehicular technologies: Is India moving on right track?**  
Chair: Prof. S. Sundar, TERI  
- Summary of discussions over Auto Fuels Policy & opportunities to tighten it  
  - Dr. Leena Srivastava, TERI  
- Adoption of Euro-V/VI standards: International experience  
  - Dr. Michael Walsh, ICCT  
- Availability of BS-V fuels in BAU and timeline for making BS-V fuel available across the country  
  - Mr. S.K. Ray, IOCL  
- Obstacles in achieving Euro-6 equivalent vehicular norms in India and support required  
  - Mr. I. V. Rao, Maruti Suzuki India |
| 4:30 PM - 4:45 PM | **Summary of workshop proceedings**  
Mr. Sumit Sharma |
| 4:45 PM –5:15 PM  | Tea                                                                    |
