90.4 MHz
Kumaon Vani
APUN RADIO APUN BAAT
Kumaon Vani is managed by a creative team of reporters and technicians, including youth from the local community, who have received in-depth training in radio production. The community radio aims to be the voice of the people of the region as it amplifies the problems, knowledge systems and practices of the Kumaon region through the process of grassroots engagement.

On an average, the radio station receives 20-25 phone calls per week including WhatsApp messages. Its presence on social media platforms such as YouTube, Facebook, and Twitter has worked towards opening multiple avenues for suggestions, queries, and feedback from its listeners on specific topics they would like to be addressed.

**Our Objective**

To aid farmers improve their livelihoods by providing information, guidance and knowledge on sustainable agriculture.

To draw attention to issues pertaining to water and sanitation, forestry and biodiversity, delivery of government welfare programmes and accountability in local governance.

To spread awareness on science, health, gender, and education among listeners in the region.

To provide an impetus to the Kumaoni dialect, art, and culture.
Our Major Programs

About Us

Kumaon Vani community radio station was set up by The Energy and Resources Institute (TERI) in March 2010 in the Nainital district of Uttarakhand with the aim to bring together local communities across several villages in the Kumaon region. It was established to promote sustainable development among the local farming community with radio as the tool. Kumaon Vani is a not-for-profit entity operated, owned and steered by the local community of the region. It broadcasts content relevant to the local listeners.

Broadcasts at 90.4 MHz
Covers over 500 villages
Tuned in by nearly 3,50,000 people
Nine hours of programming every day
